Add Portable Generator Provisions

This solicitation will be to provide a connection point for a portable generator hookup at our Fleet Maintenance Facility. The desired emergency loads will have to be divided out into an emergency panel and the emergency panel will be supplied by a manual transfer switch. The Airport would like the generator to provide standby power for the fire pump, front office computer loads, shop air compressor, trapeze power throughout the shop, all lighting, tire rack balancer and mounter, oil lube pumps, etc. The term for this contract is four months.
