Charlotte Water / General Services

Asphalt and Concrete Repair Service

The scope of this project shall be to provide asphalt and concrete repair Services for Charlotte Water, a department of the City of Charlotte. Asphalt and concrete repair work includes repair to damaged pavement, sidewalks, and driveways caused by water and sewer main breaks, settlement, or other damages on city streets and private driveways. In some cases, the damage from a water main break can be extensive and require significant pavement removal, excavation, backfilling, and replacement operations in an expeditious fashion. The services may include removal, placement, and compaction of backfill or other related work in addition to asphalt and concrete repair.
