Asphalt Rejuvenating Application Services

The Contractor shall furnish all labor, material, and equipment necessary to perform all services for the application of asphalt-rejuvenating agent to asphaltic concrete surfaces at various locations throughout the City of Charlotte. The rejuvenation of surface roads shall be by spray application of a cationic rejuvenating agent composed of petroleum oils and resins emulsified with water. All work shall be in accordance with the specifications, and the applicable drawings, and subject to the terms and specifications conditions of the contract.
