Charlotte Water

CHARLOTTE WATER

Join Charlotte Water in Enhancing Water and Wastewater Services

Charlotte Water is the largest public water and wastewater utility in the Carolinas, serving more than a million customers in Charlotte and the greater Mecklenburg County, including the towns of Matthews, Mint Hill, Pineville, Huntersville, Davidson, and Cornelius.

Charlotte Water awards contracts related to the improvement, maintenance, and construction of the City's water and wastewater main systems, treatment plant upgrades and expansions, and equipment purchases. Businesses can engage with us through water bids, water RFPs, and various water contracting opportunities. Additionally, numerous contracts are awarded for commodities and services ranging from engineering to landscaping, including water treatment contracts and other water-related services.
