Charlotte Storm Water Services / Construction

Blackmon Storm Drainage Improvement Project

This project involves analysis of existing conditions to determine portions of the storm drainage system needing improvement, planning analysis of improvement alternatives, and design and construction of needed improvements. The Blackmon Street Storm Drainage Improvement Project is bordered by Sampson Street to the north, Hoskins Road to the south, Ridgeley Drive to the east, and Sampson Street. The need for this project was identified through citizen reported drainage requests including road flooding and complaints of finished floor (structure) flooding. The purpose of the project will be to improve the storm drainage infrastructure to reduce flooding of streets and structures.

Details
