Charlotte Area Transit System / Construction, General Services

Blue Line Track Reprofile and Alignment Services

The Charlotte Area Transit System (CATS) Rail Operations Division anticipates contracting out rail grinding. The work includes restoration of the rail profile, removal of surface defects, improvement of the wheel-rail interface performance, extension of rail life, and reduction of noise and vibration along the rail network. The Contractor shall provide all labor, equipment, tools, materials, supervision, planning, and documentation necessary to perform rail grinding services in accordance with these specifications. PSR # 2001
