

Charlotte Storm Water Services / Construction

Bruns Academy WQEP

There is an existing wetlands system and stream adjacent to the Bruns Academy that are in need of improvements. The intent of this project is to reset an existing wetlands system to its original design and provide enhancement, where applicable. Wetland restoration efforts will include regrading, sodding and planting of vegetation, installation of a new pedestrian bridge and retaining wall. Additionally, stream improvements, such as regrading banks and adding riffles, are proposed. The proposed improvements will enhance the overall performance of the system for conveying and treating stormwater.

Details

Posting Number 2027-Q1(Jan-Mar)-CSWS-19585

Anticipated Posting Date 2027-02-15

Commodity Code(s): 74505, 91200, 91244, 91345, 92912, 92915
