### ACTIVE OPPORTUNITIES

[Get Certified](#) The Finance Department effectively and efficiently delivers comprehensive financial services, protects the City's resources, and safeguards the fiscal integrity of the City. Our highly skilled team utilizes an innovative approach to inspire trust and support for our community. The Finance Department is responsible for maintaining the City's general ledger, billing and collection of utility payments, accounts payable and receivable, issuing bonds, risk management, financial reports, and managing the City's investment portfolio. Businesses can engage with us through procurement opportunities, including city contracts for bid, RFPs for financial services, and project portfolio management RFPs.
