CANCELLED - HVAC Replacements at Wilson Air Main Terminal

This solicitation will involve replacing split system air conditioning units and reheat coils according to drawings produced by an engineer. There are five (5) split systems along with twenty-five (25) reheat coils to be replaced. This equipment was installed during the original construction of the building. In this project, we are replacing the entire system, including the controls. This project is estimated to be less than 6 months.
