Departments

Personalize Your Contracting Experience by Exploring Opportunities by Department

Maximize your business's potential by directly accessing procurement opportunities within specific City of Charlotte departments that align with your expertise. Quickly narrow down your options and focus on applicable categories of contracts where your services are most needed. Each department features a comprehensive listing of Active and In Development solicitations for proposals, allowing you to efficiently find and pursue the most relevant government contracts. This method ensures that you can apply your specialized skills to the opportunities best suited for your business's growth.

AVIATION

Aviation Contracts

With Charlotte as the destination of a major international airport, it takes many people and skills to keep things running smoothly for passengers. Aviation contracts are available for maintenance mechanics, plumbers, carpenters, HVAC technicians, engineers, budget analysts, project managers, and more.
