

Charlotte Area Transit System / General Services

CATS MOW Track Vegetation Spray Services

This Request for Proposal will be for vegetation management of 40 miles CATS Rail Operations track. This area includes double main track, storage tracks and yard tracks. The railroad vegetation management is to protect the LYNX rail passengers and CATS infrastructure, as well as preserving a stable balance with the environment and surrounding natural resources. The vegetation management will consist of two track vegetation sprays a year. The spraying will be on track, off track areas within the storage yards, sub stations and signal houses. PSR 1334
