### CATS N. Davidson EVSE Hub - Bid Opportunity

In June 2018, the Sustainable and Resilient Charlotte by 2050 Resolution was unanimously passed by City Council. This resolution set aggressive and aspirational municipal and community-wide greenhouse gas emissions reduction goals for the City of Charlotte. Specifically, it strives to have City fleet and facilities be fueled by 100% zero-carbon sources by 2030. The N. Davidson CATS facility currently contains many fleet vehicles and buses that are run on gasoline. In order to meet the 2030 target, The City has begun and will continue purchasing Electric Vehicles (EV's) and equip the N. Davidson CATS facility with EV Chargers.
