Charlotte Area Transit System / General Services

CATS On-Call Doors, Locks, Hardware Install & Repair

The Charlotte Area Transit System (CATS) anticipates contracting out the repair, installation, and supply of interior and exterior doors, locks, and hardware. CATS is responsible for security and controlled entry for a variety of municipal facilities, structures and assets with a range of uses including office, warehouse, storage, parking, and vehicle maintenance facilities. CATS operates on a 24/7/365 basis and requires 24-hour emergency repair services, as well as the ability to provide additions and alterations to existing and new locations on an ongoing basis. PSR # 1780
