Citywide General Collision Services

The City of Charlotte is looking for qualified Service Providers to work in conjunction with Fleet Management to perform complete turnkey collision repairs and related services (excluding any City applied graphics), on the City's various makes and models of vehicles. Service Providers shall pick-up and deliver vehicles, as well as perform all collision repairs at their facilities. Collision repairs may include, but are not restricted to, frame, cooling systems and lines, frame, engine components, transmission, steering, cooling systems, and related parts repairs or replacement. Services shall adhere to any related OEM requirements and/or recommendations. City and County vehicles include but are not restricted to, Police vehicles, Fire vehicles, general staff cars, various pickup trucks, medium trucks, and medium duty transportation buses, all of various makes, models, and applications. As makes, models, and quantities are subject to change, the Service Provider is required to maintain facilities, inventory, training, and related equipment necessary to accommodate a variety of vehicles.
