Department of General Services / General Services

Citywide Roof Inspection and Maintenance

The purpose of this project is to provide specified inspection schedules, and also for on-call, as needed services for unscheduled inspection services, minor roof maintenance, and repairs. Work is to include inspections of gutters, scuppers, down spouts, coping caps, expansion joint covers, and gravel stop joints and flashings. In addition, building perimeter inspections will be needed to note defects, such as damaged or deteriorated wood fascia, peeling paint, broken windows, cracks in walls, etc. Digital photo documentation will also be needed to document overall roof conditions, deficiencies, and repaired roof areas.
