CLT Branded Apparel

The vendor will test the embroidery of a CLT employee logo and Aviation division names in specific thread color, spacing, stitch count and stitch type to achieve a premium meeting the Airport's brand standards. The vendor is able to deliver a readily-available superior assortment of goods and brands in a variety of price points to evaluate. This allows the Airport to select multiple manufacturers that could provide the goods which best meet the needs of the Airport operation. Through the vendor's established relationships with the manufacturers, the vendor is able to acquire and deliver hard samples of goods within 2-3 business days throughout the review process and can continue to meet turnaround times for orders not readily available throughout the industry.
