

Charlotte Storm Water Services / Construction

# Collective L (Knightwood, Fair Valley) Storm Drain Improvement Project

The purpose and need for this construction project are to improve the storm drainage infrastructure (i.e. pipe systems and culverts) to reduce flooding and to enhance degraded stream reaches to reduce erosion and improve water quality. This project is a collective package of 2 small Storm Drain Improvement projects that will be constructed under one contract. This project package is under review and location and project details will be provided after the review is complete.

### **Details**
