

Charlotte Storm Water Services / Construction

# **Collective Series J Storm Drain Improvement Project**

The Collective Storm Drainage Improvement Project (SDIP) Series J contains three separate projects wh unique differences. The work involves various storm drainage improvements including replacement of sto drainage structures, water line, sewer line, asphalt pavement, concrete driveways, concrete sidewalk and will realign storm drainage to reduce structure flooding and address failing infrastructure. Due to the compared proximity to utility poles/structures/retaining walls, active shoring will be required.
