

Charlotte Storm Water Services / Construction

Collective Series J Storm Drain Improvement Project

The Collective Storm Drainage Improvement Project (SDIP) Series J contains three separate projects when unique differences. The work involves various storm drainage improvements including replacement of store drainage structures, water line, sewer line, asphalt pavement, concrete driveways, concrete sidewalk and will realign storm drainage to reduce structure flooding and address failing infrastructure. Due to the comproximity to utility poles/structures/retaining walls, active shoring will be required.
