Concourse A Modifications

This Project aims to modify and relocate existing equipment, replace tables, add an experiential element, and extend tenant services at the Charlotte Douglas International Airport. The modifications of the existing equipment will accommodate a dual-use system at each Gate Counter including the electrical and data infrastructure leading up to the network. There will be a Flight Information Display System” that will need to be relocated in the connecting corridor which includes structural attachments to the building and repairs to the existing Terrazzo. Work hours between 2300 – 0500 EST to prevent disruption to Airport Operations. This project will require 100% badging for all workers.

Details

Posting Number	2025-Q1(Jan-Mar)-AVI-16193
Anticipated Posting Date	2025-02-25
Commodity Code(s):	90638, 90910
