

Charlotte Water / Construction

Construction Cost Estimating Services

Charlotte Water and Charlotte Storm Water Services are seeking Independent construction cost estimating services. The work may include independent estimating services for various phases of construction contracts or review, reconciliation of cost estimates, and evaluation of cost estimates completed by a contractor. Respondents should have knowledge of the Charlotte market, water, sewer and stormwater construction procedures, and an understanding of various project delivery methods. Projects may be pipelines, pump stations, treatment plants or facilities projects.
