### Charlotte Water / General Services

# **Dewatering and Cleaning of Process Tanks Service**

The Charlotte Water Wastewater Management Facilities (WWMF) digesters are critical infrastructure at the WWMF, which provide environmental stabilization of solids prior to being removed from the site for final disposal. The effectiveness and performance of the digesters and their associated equipment, piping, and valves are negatively impacted by trash, grit, etc. that has accumulated in the tanks. The Charlotte Water Wastewater Management Facilities (WWMF) digested sludge storage dewatering equipment is in need of dewatering and cleaning.

### **Details**

Posting Number 2025-Q4(Oct-Dec)-CW-18981 Anticipated Posting Date 2025-11-07 Commodity Code(s): 91391
