Digital Kiosks

The City of Charlotte (the "City") is seeking proposals from qualified firm(s) for the design, fabrication, installation, and operation of digital kiosks in the public right-of-way. The kiosks will be primarily located on sidewalks, and other public areas as approved by the City, and serve the following public purposes, at a minimum:

- 1. Wayfinding providing information to civic and cultural institutions, transit amenities, restaurants, retail and other business
- 2. Transit information providing information on transit routes and schedule options
- 3. Public information and emergency messaging serving as a central dissemination point for information
- 4. Increased vibrancy and visual interest of City streets promoting placemaking in Charlotte through City events and programming
- 5. Create a supportive environment for retail and entertainment commerce furthering economic development within our community
- 6. Enhance visitor experience and brand perception of Charlotte advancing Charlotte's narrative and brand perception to residents and visitors alike
- 7. Accessibility, usability and inclusion creating a welcoming and inclusive technology for our community at large
