E-Procurement System

This RFP seeks to establish a contract for a robust and efficient E-Procurement System. The new solution will support the city's procurement needs while ensuring efficiency, compliance, and scalability. The selected solution must be cloud-based, user-friendly, provide real-time seamless integration with Workday Enterprise Resource Planning (ERP), E-Builder, DocuSign, and B2G Now, and be compatible with existing workflows, financial systems, and reporting structures.
