Charlotte Water / Architectural / Engineering Services

### Elevated Storage Tank Rehabilitation Services

Charlotte Water (CLTWATER) is soliciting Statements of Qualifications (SOQ) from qualified engineering companies (Company or Proposer) to provide professional engineering services for the Elevated Water Storage Tank Rehabilitation Program. The purpose of this document is to solicit qualifications of engineering firms (Firm) interested in providing program management professional services from design through construction/warranty phases of multiple tank rehabilitation projects within the overall program. This program involves the planning, design, and construction administration for the rehabilitation of multiple elevated water storage tank projects. Each tank will undergo interior and exterior recoating to extend its service life and improve corrosion resistance. The scope also includes the replacement of outdated structural components to enhance safety and compliance. Miscellaneous piping repairs will be completed as needed to restore functionality and improve overall system performance. The project is managed to ensure coordination, quality control, and adherence to regulatory standards throughout design and construction.

### Details

Posting Number	2026-Q1(Jan-Mar)-CW-19990
Anticipated Posting Date	2026-02-07
Commodity Code(s):	91842, 92500
