Charlotte Water / Architectural / Engineering Services

Engineering Services for Water and Sanitary Sewer Relocations and Improvements

Charlotte Water (CLTWater) is soliciting Statements of Qualifications (SOQ) from qualified engineering companies (Company or Proposer) to provide the design of relocations and installation of new water and sewer infrastructure within North Carolina Department of Transportation (NCDOT), Charlotte Department of Transportation, CATS and rail projects for the Miscellaneous Water and Sewer Engineering Services Project (Project). The following is a general description of the tasks required. This is not intended to be all-inclusive, nor is it guaranteed that all of the below tasks will be utilized. A more defined Scope of Work will be developed during negotiation with the selected companies. CLTWater is responsible for the design of all public water and sanitary sewer utilities located within NCDOT projects. In addition, CLTWater utilizes water/sewer consulting firms to facilitate relocations and improvements in various governmental projects. This includes projects by the City of Charlotte, Mecklenburg County, and surrounding towns or municipalities. These Projects may include the design of water and/or sewer mains, relocation and betterment of utilities for various NCDOT improvement projects, future water and/or sanitary sewer crossings within NCDOT right of way, Miscellaneous Water and Sewer Engineering Services projects, service connections, rehabilitation of existing infrastructure, and other projects as determined by CLTWater. This Project can also be utilized to address utility conflicts and improvements that may be needed on other projects.

Details

Posting Number	2024-Q2(Apr-Jun)-CW-14460
Anticipated Posting Date	2024-04-24
Commodity Code(s):	91345, 92500
