Environmental Consulting and Remedial Services

The Charlotte Douglas International Airport (CLT) is seeking a Statement of Qualifications from qualified firms to provide environmental assessment and remedial services. Services will include ongoing spill remediation for NCDEQ UST Section Incident #18989, involving comprehensive site assessment and long-term corrective action activities. Work includes assessment and reporting, site monitoring, absorbent pad and boom maintenance, and operations and maintenance of two (2) dual-phase extraction systems and associated Physical Chemical 1 wastewater treatment systems. The anticipated duration of the project is approximately 5–10 years.
