Charlotte Water / General Services

Field Surveying Services (Geographic Information Systems Group and Capacity Assurance Program)

This opportunity involves providing survey services to support Charlotte Water's GIS and Capacity Assurance Programs, including the following tasks: Review available data and consult with the City to clarify and define the City's requirements. Obtain necessary information, conduct investigations, and make reasonable efforts for the Surveyor to become familiar with the philosophy and purpose of each project. Identify and analyze requirements from governmental authorities with jurisdiction and assist the City in obtaining the required approvals.
