Fixed-Based Operations North Basin Retrofit

The FBO North Basin Retrofit project will be for the purpose of retrofitting an existing dry stormwater detention basin situated along Airport Drive. Work under this project will include relocating a section of Security Identification Display Area (SIDA) fence, constructing a new riser system, repairing the outfall pipe beneath Airport Drive, and completing some minor grading within the basin itself. This work is expected to have a duration of approximately 60 days. Due to security fence relocation, the contractor may be required to obtain a SIDA badge.
