Charlotte Area Transit System / General Services

General Technical Assistance On-Call Consulting Services

The Charlotte Area Transit System (CATS) as a department of the City of Charlotte (City) plans to hire multiple professional consultant teams to provide professional services related to transit vehicles and maintenance; facility assessments and design; transit safety, training, and security planning; and transit technology support for related CATS projects. Project teams can propose on all or just one of the general technical services being requested. The various services shall be requested on an as needed basis using a negotiated work order process. The City is seeking firms whose combination of experience and personnel will provide timely, cost effective and quality professional services to the City. PSR # 1575
