I-277 Rail Trail Bridge - Construction

This project will construct a pedestrian bridge over I-277 to connect South End to Uptown. The bridge will be located just west of the existing light rail bridge and will include aesthetic elements to create a signature design. It will also include a new pedestrian rail crossing on the Morehead landing area and will tie the Stonewall plaza into the existing light rail platform. The scope includes a new two-span cable stay arch bridge over I-277. The construction work includes grading, storm drainage, retaining walls, abutments, pedestrian bridge, lighting, curb, and concrete multi-use path.
