

Aviation / Construction

Main Terminal Air Handling Unit Replacements: AHU-6, AHU-49

The scope of this project is to replace AHU-6 and AHU-49 with new AHUs. New controls, ductwork, associated VAV's and piping will be installed as part of a complete unit replacement. Each AHU replacement will require a detailed construction phasing process to ensure limited system downtime. Temporary AHUs will be installed as needed during the equipment replacement.
