Metrolina Regional Travel Demand Model - Technical Support

The City of Charlotte, serving as Model Custodian of the Metrolina Regional Travel Demand Model, is releasing this listing to engage a qualified firm for the purpose of technical support for the next update to the simplified tour-based Metrolina Regional Travel Demand Model (MRM). The work may involve tasks including, but not limited to:

- Technical assistance and guidance in developing household travel surveys designed to capture tour-based travel, with the potential to supplement with big data.
- Technical assistance and guidance with tour model estimation using travel survey data.
- Technical assistance and guidance with tour model calibration and validation.
- Technical assistance and guidance in developing a tour-based mode choice model (to include coordination with and endorsement by Charlotte Area Transit System (CATS) and FTA.
- Additional model development guidance and assistance as needed.
