On-Call Material Testing and Special Inspections Services

The selected Firm(s) will provide materials testing and special inspection services (“Services”) for various federal and nonfederal funded projects initiated by Charlotte Douglas International Airport (“CLT”) via an on-call basis. CLT will assign Services to the Firm through individual Task Order Documents. Firms shall conduct general materials testing tasks in accordance with industry accepted standards and practices as well as the requirements of CLT, the Federal Aviation Administration, North Carolina Department of Transportation and City of Charlotte standards. Examples of Federal Aviation Administration standards include but are not limited to P-401/403 (Asphalt) and P-501 (Concrete). Materials testing will be to independently verify site/material conditions to allow work to proceed with confidence. Materials testing services may also include construction observation, report writing and quantity measurements.

Details

Posting Number	2024-Q1(Jan-Mar)-AVI-12715
