

[Charlotte Water / Architectural / Engineering Services](#)

Professional Engineering Services for Building Roof Replacements

Charlotte Water has 12 buildings at Sugar, Irwin, Mallard, and McAlpine Waste Water Treatment Plants (WWTPs) that are in need of roofing replacement or repair. The majority of these roofing systems are over 20 years old. These roofs are aging, failing, and in need of replacement or repairs. Charlotte Water is soliciting Statements of Qualifications (SOQ) from qualified engineering companies (Company or Proposer) to provide Professional Engineering Services for the Building Roof Replacements Project. The selected Firm(s) shall provide at a minimum, preliminary engineering and evaluation, detailed design, permitting, bidding phase services, and construction phase services.

Details

Posting Number	2023-Q3(Jul-Sep)-CW-12047
Anticipated Posting Date	2023-07-07
Commodity Code(s):	92500, Engin

Requirements

Last Updated: 07/14/23

Estimated Total Value

The total project value is anticipated to be:

\$250,000 - 499,999

Contract Term

The term of the project is anticipated to be:

Not to Exceed
