Charlotte Water / Architectural / Engineering Services

Professional Engineering Services for Pipeline Rehabilitation and Construction Inspection Services

Charlotte Water is soliciting Statement of Qualifications from a qualified engineering firm to provide survey, design, contract administration, and construction management (if necessary) of multiple pipeline replacement projects and other General Services as requested by the City. All work will be located within the Charlotte Water service area. The projects will be assigned to the Engineer during the course of the contract period as they become available. Projects may vary in size, length and scope, and are to be completed according to the individual project schedule.
