Residential and Public Spaces Wired and Wireless Internet Services

The City is seeking to extend and expand its wired and wireless high-speed broadband network to serve over 4,000 households where the digital divide impacts ability to fully participate in today's economy, workforce pipeline, banking, and communications. Locations include Multi-Family housing and public space sites currently served, additional Multi-Family housing sites, single-family housing sites, and additional public space sites. Could be awarded to more than one respondent.
