Charlotte Area Transit System / General Services

### **Route Restoration Plan**

First/Last mile mobility solutions for low-income residents in disadvantaged neighborhoods and communities Implementation of this project seeks to:

- Prioritize and define implementation strategies for past recommendations for a robust, interconnected public transportation network that will combine high-frequency bus routes, expanded mobility hubs, and innovative on-demand first-mile and last-mile connections
- Coordinate involvement of various communities throughout the service area, especially disadvantaged areas and human services
- Refine recommendations on locations and typologies of mobility hubs and micro-transit zones

**Last Updated: 04/07/23** 

• Develop recommendations around funding, technology, capital infrastructure, and partnerships that will assist CATS in achieving its near and long-term mobility vision.

PSR # 1467

## **Details**
