Sewer Trunkline Modeling

This project involves sewer trunkline modeling to support odor control efforts within the wastewater collection system. The model will help optimize system performance and identify areas where odor mitigation strategies are needed. The goal is to enhance system efficiency while minimizing odor impacts on surrounding communities.

Details

Posting Number	2025-Q3(Jul-Sep)-CW-17932
Anticipated Posting Date	2025-07-31
Commodity Code(s):	91842, 92536

Requirements

Last Updated: 03/18/25

Bonding Requirements

The City plans to require the following bond(s) for this solicitation:

- Bid Bond-City required Bond to ensure that vendors do not retract bids from the time they submit a bid until the contract has been executed.
