Small Business Ecosystem Assessment Consulting Services - Cancelled

In April of 2023, Charlotte City Council approved funding from the Coronavirus State and Local Fiscal Recovery Fund for small business and entrepreneurship support. The City of Charlotte's Economic Development Department is seeking an experienced and knowledgeable consulting firm to conduct a comprehensive assessment of the small business ecosystem in Charlotte to help increase equitable opportunities and address challenges/gaps in resources. The City of Charlotte is committed to supporting the growth and success of local small, minority, and women-owned businesses and is eager to gain insights into the current landscape to inform our future initiatives. This assessment is to provide an in-depth understanding of the challenges, opportunities, and key factors affecting small businesses in Charlotte. The findings will help us develop targeted strategies, programs, and resources to empower and strengthen the local entrepreneurial community.
