Charlotte Department of Transportation / Construction

South Tryon St Intelligent Transportation System

This project will install approximately 2.1 miles of 24 count single-mode fiber optic cable installed in new directionally bored, hand dug and trenched conduit, existing conduit and aerial attachments to poles. This project includes entrances and interconnect equipment for eight existing traffic control cabinets and the installation of six traffic management cameras. The project limits are S Tryon Street beginning at West Boulevard to Clanton Road and then along Clanton Road to Barringer Drive. This project also includes fiber splicing, testing, Ethernet equipment communications, traffic management cameras and equipment and other related activities.
