Charlotte Department of Transportation / General Services

Spectrum Center Traffic Control Services

The City of Charlotte provides direct traffic control and logistical Support for the Spectrum Center which is host to an estimated 125 sporting, music, business, and other events each year. The City is interested in receiving proposals for this service. The awarded Company shall be the sole provider of traffic control services for the Spectrum Center and designated areas around the Spectrum Center. The Company shall provide all personnel, and traffic control equipment to implement the Traffic Control Plan for the safe operation of vehicles and pedestrians. The Company shall be responsible for the storage, retrieval, set up, and immediate removal of all traffic control equipment from City owned rights -of-way following the events. On-site presence is required for the duration of the event.
