Stowe Regional Water Resource Recovery Facility Solids Forcemain - CANCELLED

Stowe Regional Water Resource Recovery Facility is a new 15 million gallons per day greenfield facility that will serve as CLTWater's 6th Water Resource Recovery Facility. Stowe Regional Water Resource Recovery Facility will not have solids treatment onsite. The Stowe Regional Water Resource Recovery Facility solids pump station will send the solids stream to another CLTWater water resource recovery facility for treatment. This is a hard bid construction project to build the first phase of the offsite forcemain.
