Stowe Regional Water Resource Recovery Facility Solids Pump Station

Stowe Regional Water Resource Recovery Facility is a new 15 million gallons per day greenfield facility that will serve as Charlotte Water's 6th Water Resource Recovery Facility. Stowe Regional Water Resource Recovery Facility will not have solids treatment onsite. The Stowe Regional Water Resource Recovery Facility solids pump station will send the solids stream to another Charlotte Water Water Resource Recovery facility for treatment. This is a hard bid construction project to build the pump station and associated infrastructure onsite.

Details
