Strategic Energy Action Plan Consulting Services

The City of Charlotte ("City") Office of Sustainability and Resilience (OSR) is seeking professional consulting services to update the SEAP five years after adoption to better reflect current trends in Charlotte, updates in available technology, and update science-based targets. The updated plan will need to review its ambitious GHG reduction goals for 2030 and 2050, offering potential revisions, benchmarks, and strategies throughout this work to ensure success. GHG reduction goals are:

- Fuel fleet and facilities by 100% zero-carbon sources by 2030,
- City of Charlotte will be a low-carbon city by 2050.

Details

Posting Number	2023-Q4(Oct-Dec)-DGS-13228
Anticipated Posting Date	2023-12-01
Commodity Code(s):	91800, 91806, 91812, 91832, 91841, 91842, 91843, 91892

Requirements

Last Updated: 12/06/23

Estimated Total Value

The total project value is anticipated to be:

\$100,000 - 249,999
