Charlotte Storm Water Services / General Services

Stream and Wetland Monitoring and Inspection Services

The services will assist Charlotte Storm Water Services (CSWS) in monitoring stream, wetland, or SCM projects; the majority of which will be projects developed for compensatory mitigation. The tasks listed have been identified as anticipated tasks for the Contract, but do not necessarily comprise all of the tasks to be performed under this Contract. Each service request to be performed by the Consultant (and/or their designated sub-consultants) under this Contract will be initiated with a work authorization letter or email that describes the specific scope of the project and details a project-specific budget broken down by tasks (as defined below) and by personnel. The work authorization will also reference the terms and conditions of this Contract and requires the City Project Manager's signature prior to the start of work.

Details
