Terminal Sprinkler and Voice Evacuation Upgrade

The Terminal Sprinkler and Voice Evac Upgrade Project consists of two scopes of work, the sprinkler system upgrades and the voice evacuation system upgrades, which will be awarded separately. The Fire Sprinkler System upgrades entail adding sprinkler coverage to various locations throughout the Terminal building. These include areas throughout the ramp and ticket levels, public and non-public areas, and are all located within the secure portion of the Terminal building. The work will cover approximately 110,000SF of currently non-sprinkled existing space and will include necessary patching and painting of all impacted areas. This scope will primarily be night work, 2300-0500, with some opportunity for day work, 0700-2359.

Details

Posting Number	2022-Q2(Apr-Jun)-AVI-8193
Anticipated Posting Date	2022-05-24
Commodity Code(s):	15033, 88300, 91054, 91597, 93633
