

Charlotte Water / Commodities & Goods

## Transfer Line Materials

?This ITB is to contract with one supplier to provide materials (pipe, fittings, valves, etc.) for a transfer line project for Charlotte Water's Engineering division. Lead time on this material is estimated to be 6 - 12 months, and the project is estimated to begin Spring 2023. The materials is needed to install a sludge transfer line between Vest and Franklin Water Treatment Plants. All materials must be purchased from one supplier to manage lead times and other important project aspects.
