

Charlotte Water / General Services

Utility Coordinator Services

The Contracted Utility Coordinator (CUC) shall provide services to resolve private utility conflicts associated with City of Charlotte Storm Water Services Storm Drainage Improvement Projects. The City's Utility Section Manager (USM) will manage the work of the CUC to ensure compliance and adherence to City standards and procedures. Utility Coordination is technical and detail-oriented that requires an understanding of: (a) the private utility company practices for the protection and relocation of utility facilities; (b) roadway and storm drainage infrastructure construction within the public right of way and on private property and (c) the identification and resolution process of any private utility facilities that may be in conflict with the proposed public roadway and storm drainage infrastructure construction
