Charlotte Department of Transportation / Construction

Wilkinson Boulevard Phase 3 Intelligent Transportation System (ITS)-DUPLICATE

This project will install single-mode fiber optic cable installed in new directionally bored, hand dug and trenched conduit, existing conduit and aerial attachments to poles. It will remove and replace existing copper and fiber communication cables. This project includes entrances and interconnect equipment for existing traffic signal control cabinets and the installation of traffic management cameras. This project also includes fiber optic cable splicing, testing, Ethernet communications equipment, traffic management camera equipment and other related activities.
